

NATURE'S SONG

LEARNING OBJECTIVES

1. CREATIVE THINKING
2. DESIGN YOUR OWN INSTRUMENT IN NATURE

IN 1967, ROCK BAND THE BEATLES VISITED KNOLE PARK IN SEVENOAKS TO FILM A MUSIC VIDEO FOR 'STRAWBERRY FIELDS FOREVER'.

AN OAK TREE FORMED THE CENTRE PIECE FOR THE FILM, WITH THE MANY STRINGS FROM A PIANO CASCADING FROM ITS BRANCHES, CREATING A WIND-HARP-LIKE INSTALLATION.

YOU CAN WATCH THE FILM [HERE](#), OR SCAN THE QR CODE

SCAN ME

EVER NOTICED A LOT OF WORDS USED TO DESCRIBE MUSIC CAN BE USED IN EARTH SCIENCE?

ROCK

GROOVE

FLOW

INSPIRED BY THE BEATLES, DESIGN YOUR OWN INSTRUMENT WHICH HARNESSES SOUND FROM NATURE. PERHAPS YOU MAY CHOOSE THE WIND, THE RAIN, BIRD SONG OR CRUNCHY LEAVES.

YOU MAY WANT TO DRAW YOUR INSTRUMENT OR HAVE A GO AT BUILDING IT!

REMEMBER TO GET CREATIVE WITH YOUR IDEAS AND SHARE YOUR CREATIONS WITH US!
